| 4. (a) Has an adverse finding been made, adverse final action taken or consent decree approved by any court or administrative body as to the applicant or any party to the application in any civil or criminal proceeding brought under the provisions of any law related to the following: any felony, antitrust, unfair competition, fraud, unfair labor practices, or discrimination? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| (b) Is there now pending in any court or administrative body any proceeding involving any of the matters referred to in 4.(a)? | <input type="checkbox"/> | <input checked="" type="checkbox"/> |

If the answer to (a) or (b) above is Yes, attach as Exhibit No. _____, a full disclosure concerning the persons and matters involved, identifying the court or administrative body and the proceeding (by dates and file numbers), stating the facts upon which the proceeding was based or the nature of the offense committed, and disposition or current status of the matter. Information called for by this question which is already on file with the Commission need not be refiled provided: (1) the information is now on file in another application or FCC form filed by or on behalf of the assignee; (2) the information is identified fully by reference to the file number (if any), the FCC form number, and the filing date of the application or other form containing the information and the page or paragraph referred to; and (3) after making the reference, the assignee states, "No change since date of filing."

TABLE I PARTIES TO APPLICATION

5. (a) Complete Table I with respect to the assignee. (Note: If the applicant considers that to furnish complete information would pose an unreasonable burden, it may request that the Commission waive the strict terms of this requirement).

INSTRUCTIONS: If applicant is an individual, fill out column (a) only. If applicant is a partnership, fill out columns (a), (b) and (d), state as to each general or limited partner (including silent partners) (a) name and residence, (b) nature of partnership interest (i.e., general or limited), and (d) percent of ownership interest. If applicant is a corporation or an unincorporated association with 50 or fewer stockholders, stock subscribers, holders of membership certificate or other ownership interest, fill out all columns, giving the information requested as to all officers, directors and members of governing board. In addition, give the information as to all persons or entities who are the beneficial or record owners of or have the right to vote capital stock, membership or owner interest or are subscribers to such interests. If the applicant has more than 50 stockholders, stock subscribers or holders of membership certificates or other ownership interests, furnish the information as to officers, directors, members of governing board, and all persons or entities who are the beneficial or record owners of or have the right to vote 1% or more of the capital stock, membership or owner interest except that if such entity is a bank, insurance company or investment company (as defined by 15 U.S.C. §80a-3) which does not invest for purposes of control, the stock, membership or owner interest need only be reported if 5% or more

Applicants are reminded that questions 5 through 7 of this Section must be completed as to all "parties to this application" as that term is defined in the instructions to Section II of this form.

INSTRUCTIONS

Applicants seeking authority to construct a new commercial, noncommercial or international broadcast station, applicants seeking authority to obtain assignment of the construction permit or license of such a station, and applicants seeking authority to acquire control of an entity holding such construction permit or license are required to afford equal employment opportunity to all qualified persons and to refrain from discrimination in employment and related benefits on the basis of race, color, religion, national origin or sex. See Section 73.2080 of the Commission's Rules. Pursuant to these requirements, an applicant who proposes to employ five or more full-time employees must establish a program designed to assure equal employment opportunity for women and minority groups (that is, Blacks not of Hispanic origin, Asians or Pacific Islanders, American Indians or Alaskan Natives and Hispanics). This is submitted to the Commission as the Model EEO Program. If minority group representation in the available labor force is less than five percent (or the aggregate), a program for minority group members is not required. In such cases, a statement so indicating must be set forth in the EEO model program. However, a program must be filed for women since they comprise a significant percentage of virtually all area labor forces. If an applicant proposes to employ fewer than five full-time employees, no EEO program for women or minorities need be filed.

Guidelines for a Model EEO Program and a Model EEO Program are attached.

NOTE: Check appropriate box, sign the certification below and return to FCC:

☒ Station will employ fewer than 5 full-time employees; therefore no written program is being submitted.

☐ Station will employ 5 or more full-time employees. Our Model EEO Program is attached. (You must complete all sections of this form.)

I certify that the statements made herein are true, complete, and correct to the best of my knowledge and belief, and are made in good faith.

Ref. 8910-MB. Relet Rather 10/22/93. Temporary authority granted to relocate the station from presently authorized site to geographic coordinates NL: 38° 03' 14" WL: 78° 55' 31" due to loss of authorized site. Operating power will be 1.0 kW during daytime hours and 1.0 kW during nighttime hour utilizing a nondirectional mode on Frequency 1490 kHz. The Tower height is 39.6 m (130 ft) with 120 equally spaced ground radials 50.3 m (165 ft) in length with interspaced 15.3 m (50 ft) radial wires. The proposed tower will radiate a theoretical efficiency of 292.9 mV/m/km. You are cautioned that proceeding with this authority and any construction incident there to are undertaken entirely at your own risk and that this authority does not in any way prejudice what ever action may be taken with regard to your construction permit when filed. This authority is granted in consideration of your good faith and representation that you will submit a completed and acceptable FCC Form 301 prior to expiration of this authority. The authority granted is subject to the following conditions:

1. Obstruction marking and lighting is non-required.
2. Permittee shall install a type accepted transmitter, or submit application (FCC Form 301) along with data prescribed in Section 73.1660 (b) should non-type accepted transmitter be imposed.
3. Measures shall be taken to protect the public and workers from the exposure to radiofrequency radiation in excess of the American National Standards Institute Guildelines (OST Bulletin No. 65, October 1985).
4. Station shall accept such interference as may be imposed by other existing 250 watt class IV stations in the event that they are subsequently authorized to increase power to 1.0 kW.

RE: WAYB(AM)
(Formerly WZKT)
Waynesboro, Virginia

Dear Sir or Madame:

Pursuant to Section 73.1635 of the Rules, Hometown Media, Inc. hereby respectfully requests Special Temporary Authority to resume the operation of standard broadcast Station WAYB, Waynesboro, Virginia, with the temporary facilities described in the annexed engineering statement of Bromo Communications, Inc. (see Appendix A hereto). Hometown is the proposed assignee of WAYB (BAL-920902ED). The assignment application is the subject of informal objections from persons concerned about the reactivation of the station at its present transmitter site because of its proximity to a daycare center for pre-school children. Hometown has located a new transmitter site and obtained zoning clearance therefor effective October 7, 1993 (see Appendix B hereto).

It is anticipated that the temporary facility can be activated within a four to six week period from the grant of the STA. The temporary facilities will enable Hometown to take field strength measurements to support an application for a permanent facility.

The STA should, of course, be conditioned upon the grant of the assignment application and the consummation of the assignment.

REQUEST FOR STA
HOMETOWN MEDIA
WAYB (AM) RADIO STATION
1490 KHZ - 1.0 KW - U
WAYNESBORO, VIRGINIA
September 1993

This Technical Exhibit supports the request by Hometown Media ("Hometown"), proposed assignee of WAYB (AM) Radio Station, Waynesboro, Virginia, to operate under Special Temporary Authority from the transmitter site outlined herein. Hometown has been unable to obtain zoning clearance to resume operation from the present tower site and is instituting this STA request to return the station to the air and restore service to the community. This, therefore, is an emergency STA request to restore service to Waynesboro and expedited processing is requested.

Hometown proposes to operate 1490 kHz with 1.0 kilowatt of power at North Latitude 38° 03' 14" and West Longitude 78° 55' 31". Hometown further proposes to use a tower of 39.6 meters (130 feet) in height with 120 equally spaced ground radials 50.3 meters (165 feet) in length with interspaced 15.3 meter (50 foot) radial wires. The proposed tower will radiate a theoretical efficiency of 292.9 mV/m/km. This facility will create no new allocation interference to/from other existing or proposed facilities. A visual demonstration of the lack of interference is included in Exhibit #2 of this request. It is noted the allocation contours for WAYB are calculated as if WAYB were operating at 0.25 kilowatts and other Class C (IV) station's interfering contours were likewise calculated at 0.25 kilowatts (or at)

1/4 actual operating power in the case of WCVA, Culpepper, Virginia). The co-channel protected contours are shown at full operating power.

Hometown is in the process of preparing FCC Form 301, application for construction permit to build and operate, on a permanent basis, a Class C (IV) facility from the site specified in this request. It is anticipated that the forthcoming application will specify a tower height and radiator efficiency significantly higher than that specified in this request.

In support of the Hometown STA request, see Exhibit #1, allocation study for 1490 kHz. The proposed coordinates are 3.7 kilometers (2.3 miles) southwest of the present licensed site. Exhibit #2 is an allocation map demonstrating that from the proposed STA site no new interference will be created by operating the station on a temporary basis at 0.25 kilowatts (1.0 kilowatt automatically increased under §73.37 of the Commission's AM broadcast rules). Although no tabulation of contour distances is submitted with this request, they are available from this office on request.

We have tried to be as accurate as possible in the preparation of this STA request. Should there be any questions concerning the information contained herein, we welcome the opportunity to discuss the matter by phone (912) 638-5608.
